New business

The team is charged with approving 1 of the 3 proposed option priorities to spend recently released funds totaling \$46,000. Since we want to utilize the funding to pay for additional staffing, the team is required to vote. Mrs. Abbott presents the 3 options and detailed rationale. Members of the team pose questions to clarify impact on students, needs of the school, the teachers' preferences, etc.

The vote is taken. The team chooses option 2, ensuring that we have a full time SST chair.
