Members not in attendance

Members not in attendance included **Todd Pawlowski**

Approval of minutes September minutes are approved by the team.

Reports Mr. Larry Wallace, State Accountability Manager reports on CCRPI (College and Career Readiness Performance Index) changes for the SY18. We have 11 indicators of student performance as opposed to 21 indicators in SY17. Content mastery (30 pts.), progress (35 pts.), closing the gap (15 pts.), readiness for middle school (20 pts.) are the 4 categories as opposed to 3 from last year. Growth is valued over proficiency. Majority of points are gained from ELA and Math (68/100 overall points). Schools earn points for students that score in proficient and distinguished categories. Schools also earn points for students who make growth year to year (3rd to 4th and 4th to 5th), as compared to their similar performing peers state-wide. EL Students in 1st - 5th grades taking the ACCESS test are expected to grow one performance band per school year. Readiness for literacy is being measured by Lexile. 3rd grade expects a 670 Lexile, 4th grade expects a 840 Lexile, and 5th grade expects a 920 Lexile. Attendance expectations have changed as well. Students can miss up to 18 days without a school penalty.

Unfinished business

New business

Announcements

Ms. Abbott and Ms. Nelson reviewed their sessions at the GO Team Summit on September 30th including a session on reviewing our Strategic Plan. A portal will be available to help us document our progress. The team agrees on November 8th at 5:00 pm, as a work session to make adjustments to our plan.

Meeting adjourned: 6:22pm

Krista Reilly

Secretary
